No points will be awarded to a player until he/she has played and won a match. This is applicable separately to both singles and doubles ranking points.

Advancement through a bye or walkover in the first match will not be equivalent to winning a match. Advancement by virtue of retirement following the commencement of a match will be equivalent to winning a match. When a player has played and won a match, subsequent walkovers will not affect points won.

Leaving the tournament

Any player that leaves a tournament prior to his/her elimination from all entered events (Singles, Doubles and/or Consolation), or retires from a tournament for medical reasons, without a valid medical certificate (from the tournament doctor or trainer), will forfeit all ranking points won in all events at that tournament and be subject to the penalties set forth in X. Suspension Points. In circumstances that are flagrant and particularly injurious to the success of the tournament, or are singularly egregious, a single violation of this Section shall also constitute the Major Offence of “Aggravated Behavior”.

If the withdrawal is emailed after the Freeze Deadline it must be sent both directly to the tournament organisers using the email address indicated on the Fact Sheet, and also copied to Asian Junior Tour. It is not necessary to provide a medical certificate in case of a Late Withdrawal and On-site Medical Certificates issued after the player has been eliminated from the tournament will not be taken into consideration for any excuses for Late Withdrawals into the following week’s event.

Players on the Alternate list may withdraw at any time without penalty as long as they have not been moved into a Qualifying or Main Draw Acceptance list.

7. Withdrawal after the Freeze Deadline can be made by email using the official withdrawal form to Asian Junior Tour info@asiantennis.com. All Asian 14/U Series tournaments (excluding the Asian 14&Under Masters Final & Asian Closed Championships) shall have a feed-in system in all singles draws. Here are some of the definitions for specific terms:

Similarly non-entered players may be named as Singles Main Draw or Qualifying Wild Cards by the Tournament Organizers at any time until the Singles Qualifying draw is made, however, they will not appear on the Acceptance Lists. No player may be offered or accept a Wild Card should he/she already be accepted and committed to another tournament.

 - c. This order is used at the time the Singles Main Draw is made, or if the Qualifying was still in progress at this time when the draw is completed once the Qualifying is completed.
 - d. The order so established is also used for the Lucky Loser Sign-in lists used on the first day(s) of the Main Draw as long as there are still players to play their first match, whether this is in the first round or subsequent rounds. For such days, the Lucky Loser Sign-in closes 30 minutes before the scheduled start of play on each day that the first rounds are played in the event and shall open at least 30 minutes before.
 - e. Once called, a Lucky Loser must be ready to play within five (5) minutes. If a Lucky Loser is called to play but is not ready within five (5) minutes, the player will be moved to the bottom of the Lucky Loser list for that day, but will keep his/her original position on the list any for further days.
- 8) Selection of Doubles Seeds

If a seeded player withdraws, the remaining seeded players shall stay in their positions and the replacing player inserted in the vacated position.

APPENDIX D

MEDICAL, TOILET/CHANGE OF ATTIRE BREAKS

MEDICAL

- **Medical Condition**

A medical condition is a medical illness or a musculoskeletal injury that warrants medical evaluation and/or medical treatment by the Physiotherapist/ Athletic Trainer (also known as the Primary Health Care Provider) during the warm-up or the match

- **Treatable Medical Conditions**

- a) Acute medical condition: the sudden development of a medical illness or musculoskeletal injury during the warm-up or the match that requires immediate medical attention.
- b) Non-acute medical condition: a medical illness or musculoskeletal injury that develops or is aggravated during the warm-up or the match and requires medical attention at the changeover or set break.

- **Non-Treatable Medical Conditions**

- a) Any medical condition that cannot be treated appropriately, or that will not be improved by available medical treatment within the time allowed.
- b) Any medical condition (inclusive of symptoms) that has not developed or has not been aggravated during the warm-up or the match
- c) General player fatigue

Any medical condition requiring injections, intravenous infusions or oxygen, except for diabetes, for which prior medical certification has been obtained, and for which subcutaneous injections of insulin may be administered.

- **Medical Evaluation**

During the warm-up or the match, the player may request through the Chair Umpire for the Physiotherapist/Athletic Trainer, in conjunction with the Tournament Doctor, to evaluate him/her during the next change over or set break.

Only in the case that a player develops an acute medical condition that necessitates an immediate stop in play may the player request through the Chair Umpire for the Physiotherapist/Athletic Trainer to evaluate him/her immediately.

The purpose of the medical evaluation is to determine if the player has developed a treatable medical condition and, if so, to determine when medical treatment is warranted. Such evaluation should be performed within a reasonable length of time, balancing player safety on the one hand, and continuous play on the other.

At the discretion of the Physiotherapist/Athletic Trainer, such evaluation may be performed in conjunction with the Tournament Doctor, and may be performed off-court. *

If the Physiotherapist/Athletic Trainer determines that the player has a non-treatable medical condition, then the player will be advised that no medical treatment will be allowed.

- **Medical Time-Out**

A Medical Time-Out is allowed by the Referee or Chair Umpire when the Physiotherapist/Athletic Trainer has evaluated the player and has determined that additional time for medical treatment is required. The Medical Time-Out takes place during a changeover or set break, unless the Physiotherapist/Athletic Trainer determines that the player has developed an acute medical condition that requires immediate medical treatment.

The Medical Time-Out begins when the Physiotherapist/Athletic Trainer is ready to start treatment. At the discretion of the Physiotherapist/Athletic Trainer, treatment during a Medical Time-Out may take place off-court, and may proceed in conjunction with the Tournament Doctor. *

The Medical Time-Out is limited to three (3) minutes of treatment. However, at nonprofessional events, the Referee may extend the time allowed for treatment if necessary.

A player is allowed one (1) Medical Time-Out for each distinct treatable medical condition.

All clinical manifestations of heat illness shall be considered as one (1) treatable medical condition. All treatable musculoskeletal injuries that manifest as part of a kinetic chain continuum shall be considered as one (1) treatable medical condition.

Muscle Cramping: A player may receive treatment for muscle cramping only during the time allotted for change of ends and/or set breaks. Players may not receive a Medical Time-Out for muscle cramping.

In cases where there is doubt about whether the player suffers from an acute medical condition, non-acute medical condition inclusive of muscle cramping, or non-treatable medical condition, the decision of the Physiotherapist/Athletic Trainer, in conjunction with the Tournament Doctor, if appropriate, is final. If the Physiotherapist/Athletic Trainer believes that the player has heat illness, and if muscle cramping is one of the manifestations of heat illness, then the muscle cramping may only be treated as part of the recommended treatment by the Physiotherapist/Athletic Trainer for the heat illness condition.

Note:

A player who has stopped play by claiming an acute medical condition, but is determined by the Physiotherapist/Athletic Trainer and/or Tournament Doctor to have muscle cramping shall be ordered by the Chair Umpire to resume play immediately.

If the player cannot continue playing due to severe muscle cramping, as determined by the Physiotherapist/Athletic Trainer and/or Tournament Doctor, he/she may forfeit the point(s)/game(s) needed to get to a change of end or set-break in order to receive immediate evaluation, and treatment if time allows. There may be a total of two (2) additional changes of ends treatments for muscle cramping in a match, not necessarily consecutive.

If it is determined by the Chair Umpire or Referee that gamesmanship was involved, then a Code Violation for Unsportsmanlike Conduct could be issued.

A total of two (2) consecutive Medical Time-Outs may be allowed by the Referee for the special circumstance in which the Physiotherapist/Athletic Trainer determines that the player has developed at least two (2) distinct acute and treatable medical conditions.

This may include: a medical illness in conjunction with a musculoskeletal injury; two or more acute and distinct musculoskeletal injuries. In such cases, the Physiotherapist/Athletic Trainer will perform a medical evaluation for the two or more treatable medical conditions during a single evaluation, and may then determine that two consecutive Medical Time-Outs are required.

- **Medical Treatment**

A player may receive on-court medical treatment and/or supplies from the Physiotherapist/Athletic Trainer and/or Tournament Doctor during any changeover or set break. As a guideline, such medical treatment should be limited to two (2) changeovers/set breaks for each treatable medical condition, before or after a Medical Time-Out, and need not be consecutive. Players may not receive medical treatment for non-treatable medical conditions.

- **Penalty**

After completion of a Medical Time-Out or medical treatment, any delay in resumption of play shall be penalized by Code Violations for Delay of Game.

Any player abuse of this Medical Rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.

- **Bleeding**

If a player is bleeding, the Chair Umpire must stop play as soon as possible, and the Physiotherapist/Athletic Trainer should be called to the court by the Chair Umpire for evaluation and treatment. The Physiotherapist/Athletic Trainer, in conjunction with the Tournament Doctor, will evaluate the source of the bleeding, and will request a Medical Time-Out for treatment if necessary.

If requested by the Physiotherapist/Athletic Trainer and/or Tournament Doctor, the Referee may allow up to a total of five (5) minutes to assure control of the bleeding.

If blood has spilled onto the court or its immediate vicinity, play must not resume until the blood spill has been cleaned appropriately.

- **Vomiting**

If a player is vomiting, the Chair Umpire must stop play if vomiting has spilled onto the court, or if the player requests medical evaluation. If the player requests medical evaluation, then the Physiotherapist/Athletic Trainer should determine if the player has a treatable medical condition, and if so, whether the medical condition is acute or non-acute.

If vomiting has spilled onto the court, play must not resume until the vomit spill has been cleaned appropriately.

- **Physical Incapacity**

During a match, if there is an emergency medical condition and the player involved is unable to make a request for a Physiotherapist/Athletic Trainer, the Chair Umpire shall immediately call for the Physiotherapist/Athletic Trainer and Tournament Doctor to assist the player.

Either before or during a match, if a player is considered unable physically to compete, the Physiotherapist/Athletic Trainer and/or Tournament Doctor should inform the Referee and recommend that the player is ruled unable to compete in the match to be played, or retired from the match in progress.

The Referee shall use great discretion before taking this action and should base the decision on the best interests of tennis, as well as taking all medical advice and any other information into consideration.

The player may subsequently compete in another event at the same Tie if the Tournament Doctor determines that the player's condition has improved to the extent that the player may safely physically perform at an appropriate level of play, whether the same day or on a later day.

* It is recognized that national laws or governmental or other binding regulations imposed upon the event by authorities outside its control may require more compulsory participation by the Tournament Doctor in all decisions regarding diagnosis and treatment.

TOILET /CHANGE OF ATTIRE BREAK

A player is allowed to request permission to leave the court for a reasonable time for a toilet break /change of attire break, or both, but no other reason.

Toilet breaks should be taken on a set break. Change of attire breaks (Girls' matches) must be taken on a set break.

In singles events, a player is entitled to one (1) break during a match.

In a doubles match, (both for boys and girls) each team is entitled to a total of two (2) breaks. Each time a player leaves the court it is counted as one of the authorized toilet break. If partners leave the court together, it counts as one (1) of the team's authorized breaks.

Any time a player leaves the court for a toilet/change of attire break, it is considered one of the authorized breaks regardless of whether or not the opponent has left the court. Any toilet/change of attire break taken after a warm-up has started is considered one of the authorized breaks. Additional breaks will be authorized, but will be penalized in accordance with the point penalty schedule if the player is not ready to play within the allowed time.

The Referee shall have the authority to deny a player permission to leave the court during a match for a toilet and/or change of attire break if it is interpreted by the Referee as gamesmanship and/or flagrant abuse of the Rules.

A player should not take a toilet/change of attire break and a medical time out consecutively unless approved by the Referee.

A player may change his/her attire during a toilet break.

APPENDIX E

EXTREME WEATHER CONDITIONS

Extreme weather conditions shall be defined at such time that heat, as measured by a Heat Stress Monitor, meets or exceeds a heat stress index of 28 degrees Celsius/82 degrees Fahrenheit. If a Heat Stress Monitor is not available, extreme weather conditions are then defined by the danger zone which is equal to or above the apparent temperature of 90 degrees Fahrenheit, illustrated on the chart below.

Heat stress is measured by Wet Bulb Global Temperature (WBGT) which is calculated as (0.7 Wet Bulb + 0.2 Global Temperature + 0.1 Dry Bulb = WBGT).

Air Temperature (Celsius/Fahrenheit)											
	21.1°C 70°F	23.9°C 75°F	26.7°C 80°F	29.4°C 85°F	32.2°C 90°F	35°C 95°F	37.8°C 100°F	40.6°C 105°F	43.3°C 110°F	46.1°C 115°F	48.9°C 120°F

The Physiotherapist/Athletic Trainer or Tournament Doctor and the Referee have the authority to determine if the extreme weather condition rule will go into effect during a tournament. If it is so determined, a ten (10) minute break will be allowed between the second and third sets. There may also be a delay in the starting time of the matches scheduled for play that day. When possible, this decision to delay the start of matches due to extreme weather conditions should be made prior to the scheduled start of play.

Measurement and Monitoring Of Weather Conditions

The Physiotherapist/Athletic Trainer or Tournament Doctor will monitor weather conditions by taking measurements a minimum of three (3) times during the day:

- 1/2 hour before match play begins for the day
- Middle of the scheduled day
- Prior to beginning of the last match of the day/night.

Implementation of the Rule

In the event that during the day there is a sudden change in weather conditions as determined by this periodic monitoring, the Extreme Weather Condition Rule may be put into effect at any time on all courts, excluding matches already in progress.

In the case of rain or interruption to play, the Referee and Physiotherapist/Athletic Trainer or Tournament Doctor can reassess the Rule.

Conditions of the 10-Minute Break

If it is a mutual agreement between both the players not to take a ten (10) minute break, then play will continue. However, if requested by one player, the ten (10) minute break will come into effect.

In the absence of a chair umpire, the Referee shall agree the time that the match shall be resumed with both players.

During the ten (10) minute break, no coaching or medical treatment will be allowed. However, a player will be allowed to receive an adjustment of medical support, medical equipment and/or advice from the Physiotherapist/Athletic Trainer or Tournament Doctor.

Following the ten (10) minute break, no re-warm-up will be allowed.

This rule applies in addition to the allowed bathroom/change of attire breaks during the match.
