CELEBRATING ASIA'S NEW WORLD NO. 1

"On behalf of the Asian Tennis Federation, I congratulate Elena Rybakina on becoming World No. 1 — the first player from Kazakhstan, and the first from Central Asia, ever to hold that position. An amazing victory for Asia!

Achievements of this order are never the work of one person alone. Elena's rise is a testament to her own extraordinary discipline, and equally to the Kazakhstan Tennis Federation, which backed her at the very moment she needed it most.

A special word of congratulations to Mr. Bulat Utemuratov, President of the Kazakhstan Tennis Federation and Vice President of World Tennis. Elena's rise is closely entwined with his Leadership and his Vision — the courts he has built, the coaches he has developed, and the belief he has placed in young Kazakh players, year after year. The rise of Kazakhstan tennis is his story too, and all of Asia is proud to share in it!"

INSPIRATION FOR THE NEXT GENERATION

"Across our continent, our member federations are working tirelessly for their players, and the KTF has shown us all what that work can produce: talent is everywhere in Asia, but it only becomes greatness where someone invests in it early enough.

Let us keep investing, together, in our Budding Stars — so that more of them go on to Blossom as Elena has.

To our juniors: the thousands of you competing this season on Asian courts across our forty-five member nations, and on courts beyond them — take pride in this victory, and embrace it with your heart.

> **The road to the top of the world game runs through Asia. It has just been walked."**
